

ONE HOUR

30 DAYS OF POSTS IN ONE HOUR.

Not thirty posts. **Thirty days you never think about again.**

ONE HOUR OF WORK, A MONTH QUEUED

WHY YOU STOP

You stop on day four because every post starts blank.

MINUTE 1 - 10

IT READS WHAT YOU ALREADY SAID.

Your posts, your decisions, **your numbers.**

app.51ultron.com

WHAT IT READ

• Every post that already landed	YOURS
• The decisions you made, and why	YOURS
• Your real numbers, not rounded	YOURS
• How you actually write	READ
• A description of your voice	NOT USED

IT READ YOUR VOICE, IT DID NOT IMITATE IT

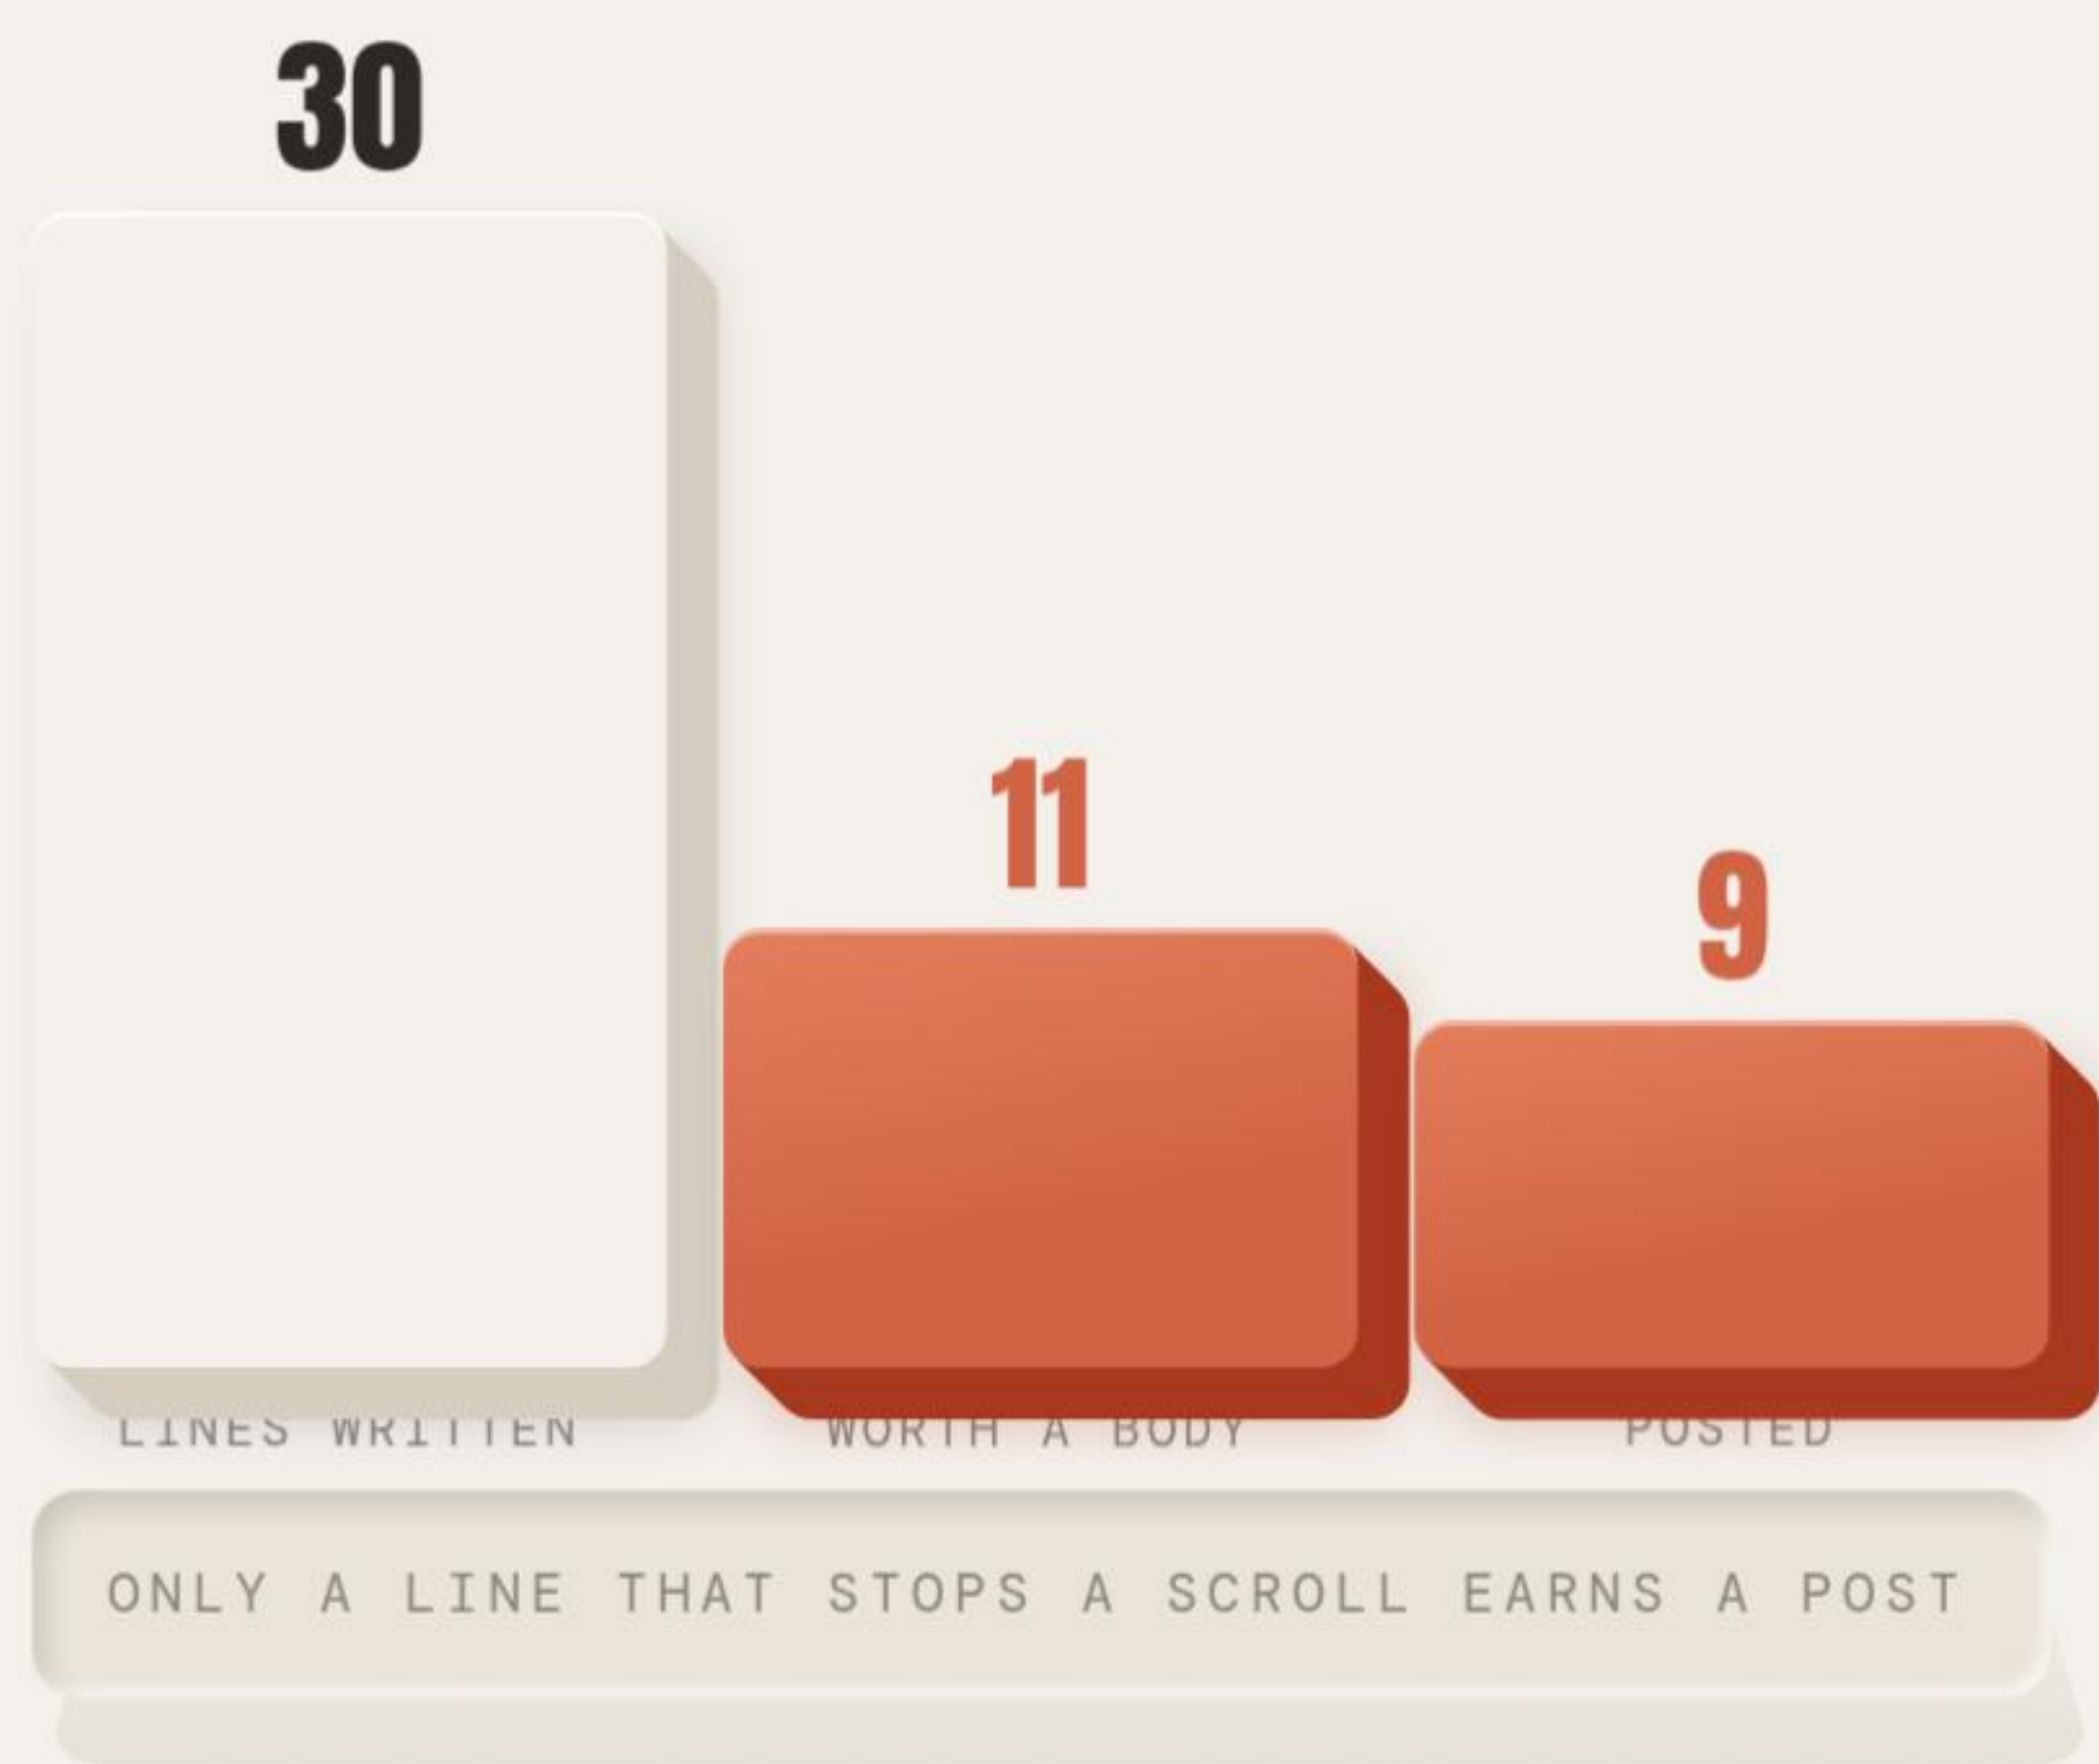

THE POINT

Nobody can describe their own voice well enough to copy.

MINUTE 11 - 25

THIRTY HOOKS BEFORE ONE POST.

The first line is the whole thing. Write those first.

THE FILTER Twenty one lines died so nine could work.

MINUTE 26 - 45

ONE IDEA. THREE CUTS.

A carousel, a short video and a written post **are not one post resized.**

SAME IDEA, CUT THREE WAYS

Carousel

the one people save

Short video

the one that travels

Written post

the one people argue about

One idea

underneath all three

CUT FOR THE PLACE IT IS GOING

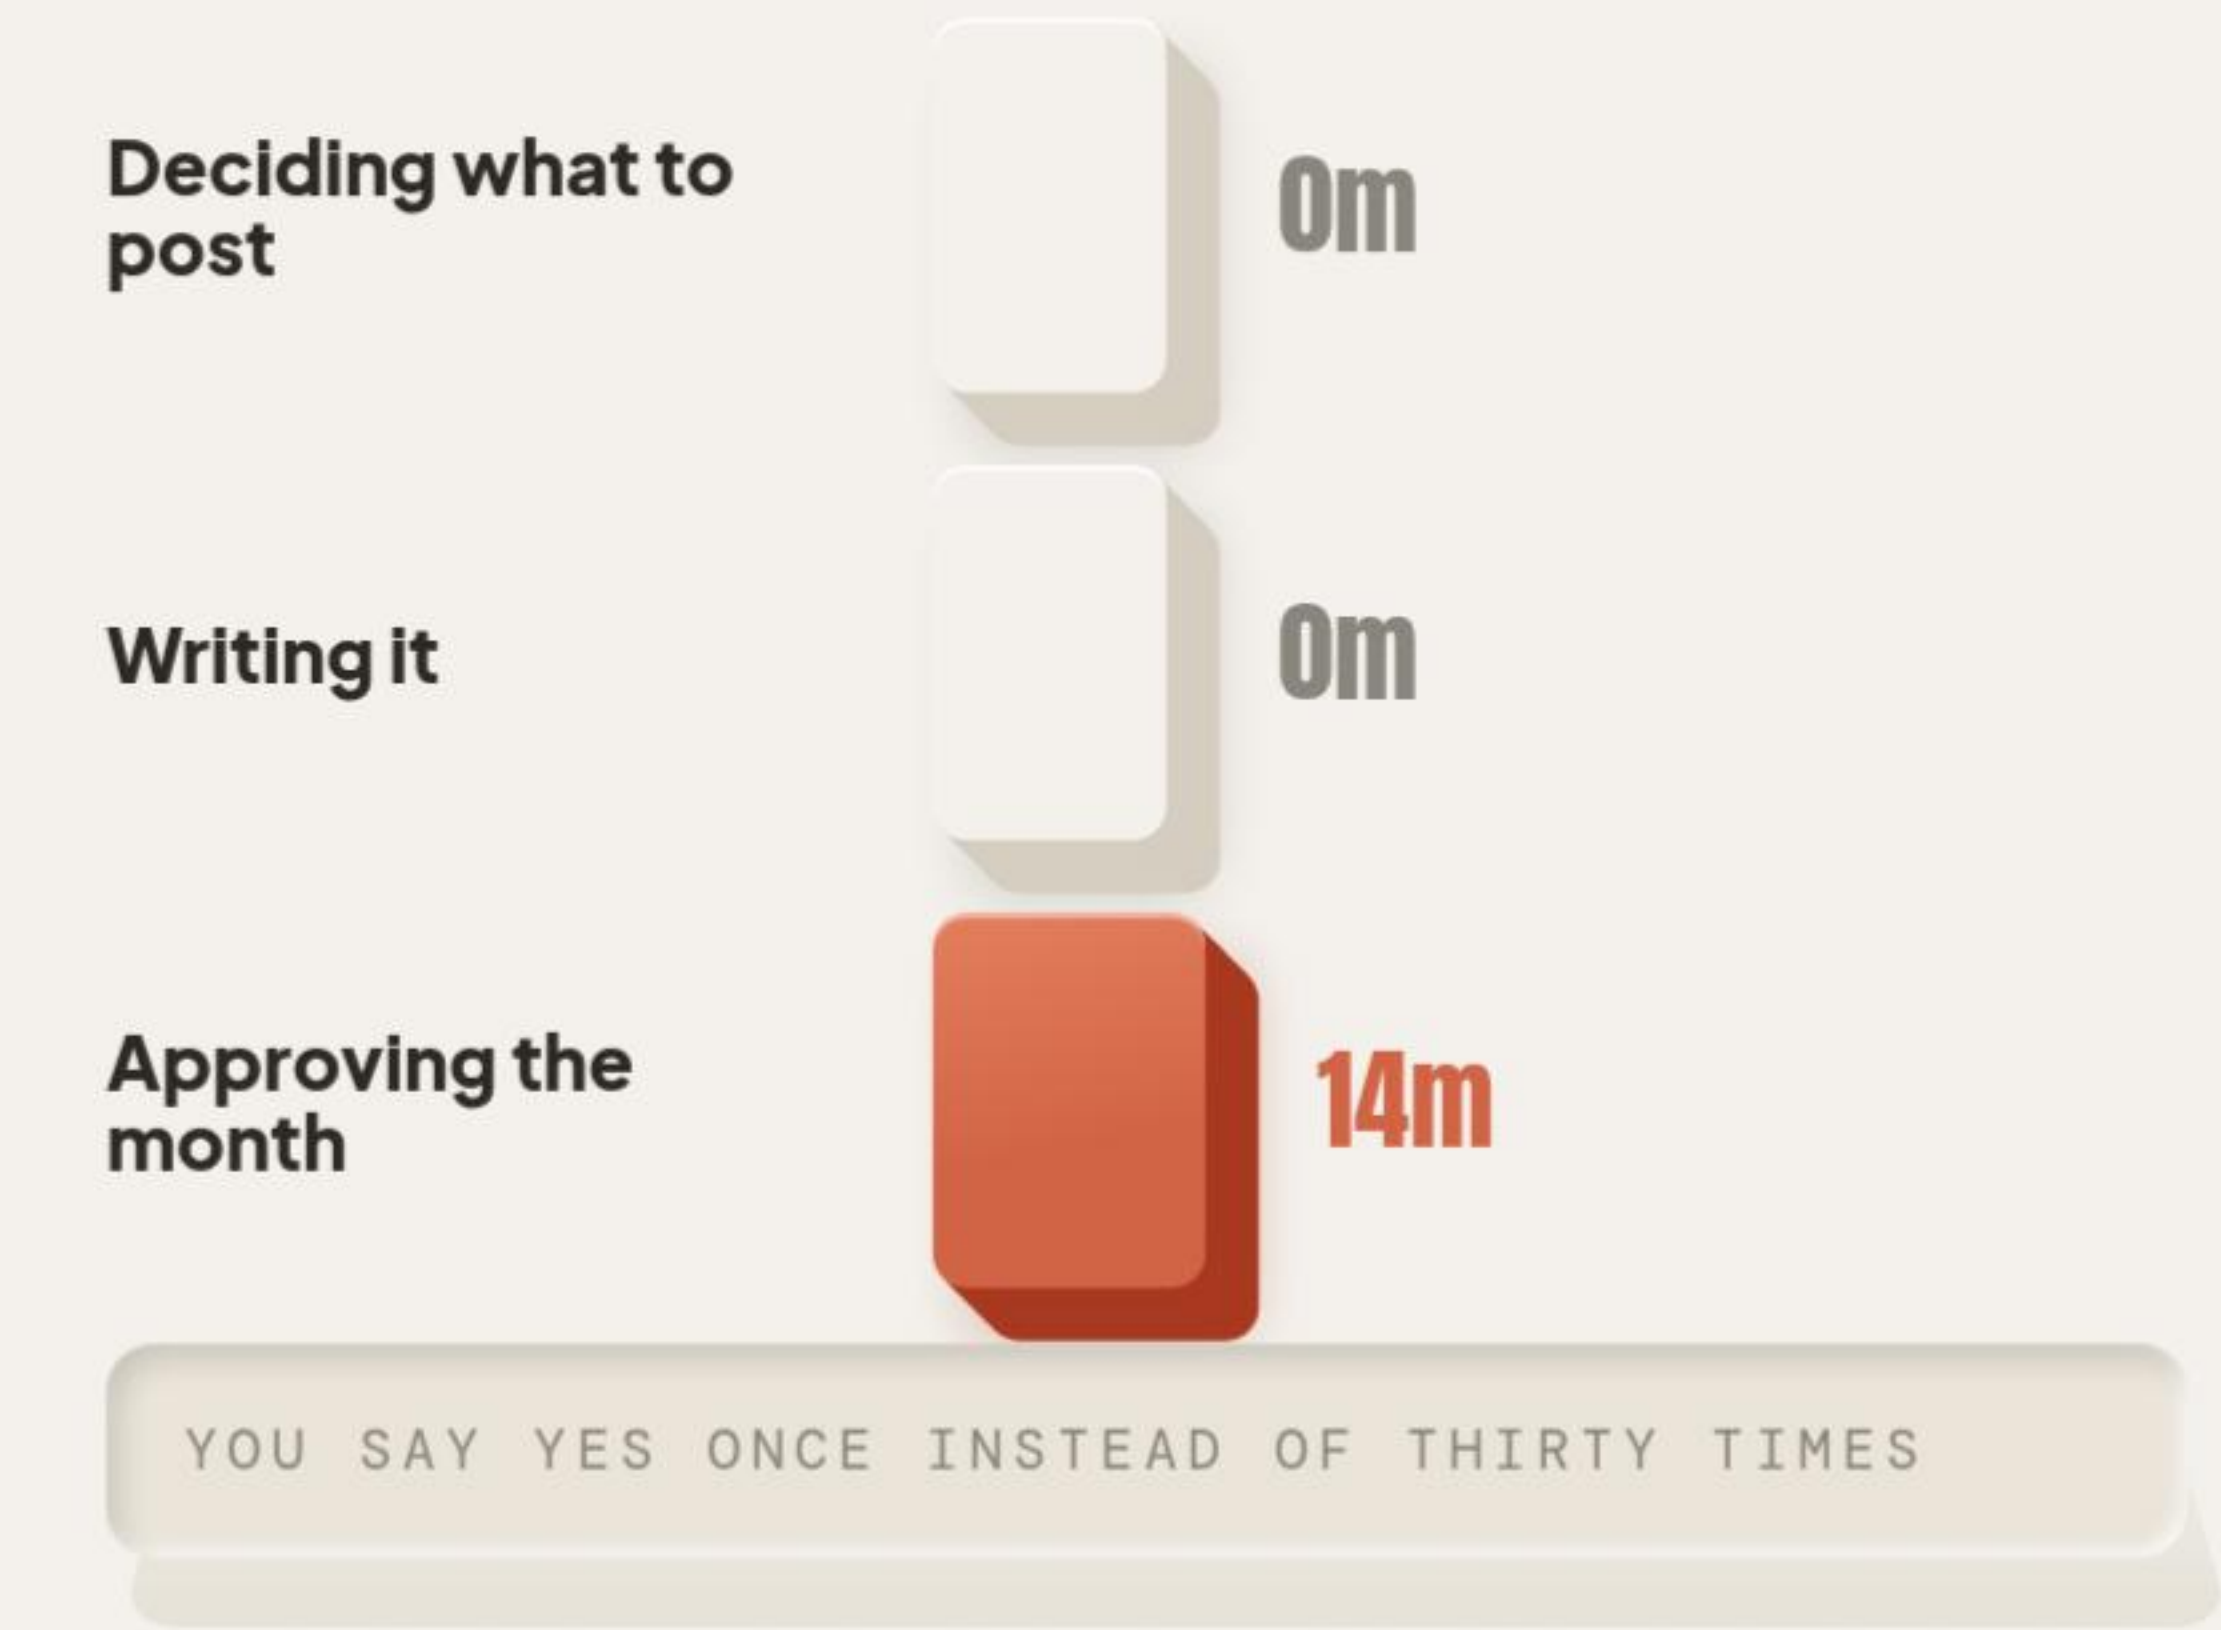

NOT RESIZED

A resized post reads as a resized post.

MINUTE 46 - 60

A MONTH, QUEUED.

Slotted for your window, **waiting on one approval.**

THEN STOP You stop thinking about it for thirty days.

WHAT ACTUALLY CHANGED

CONSISTENCY STOPPED BEING DISCIPLINE.

Nobody posts daily on willpower.
