

ZERO CODE

LAUNCH YOUR PRODUCT IN 24 HOURS.

Not a mockup. A link you can send a customer tonight.

24h

IDEA TO A REAL URL

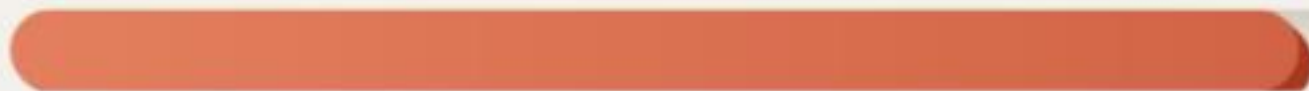

Deciding what it is

1h

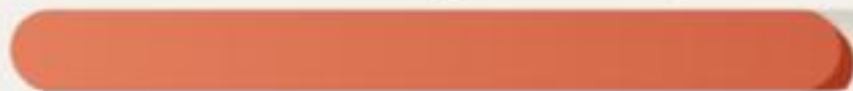

Building the whole thing

9h

Live and taking money

6h

YOU HAVE HAD THE IDEA FOR MONTHS

THE GAP

It was never the idea. It was the three weeks after it.

ULTRON • 51ULTRON.COM

HOUR 1

DESCRIBE IT ONCE.

One paragraph. What it does, and who it is for.

a landing page, a signup, and a way to
take payment

writing the pages in your voice

signup wired, payment link live

NO REPO, NO STACK, NO DEVELOPER

PLAIN ENGLISH

No forms to fill. One paragraph is the whole
brief.

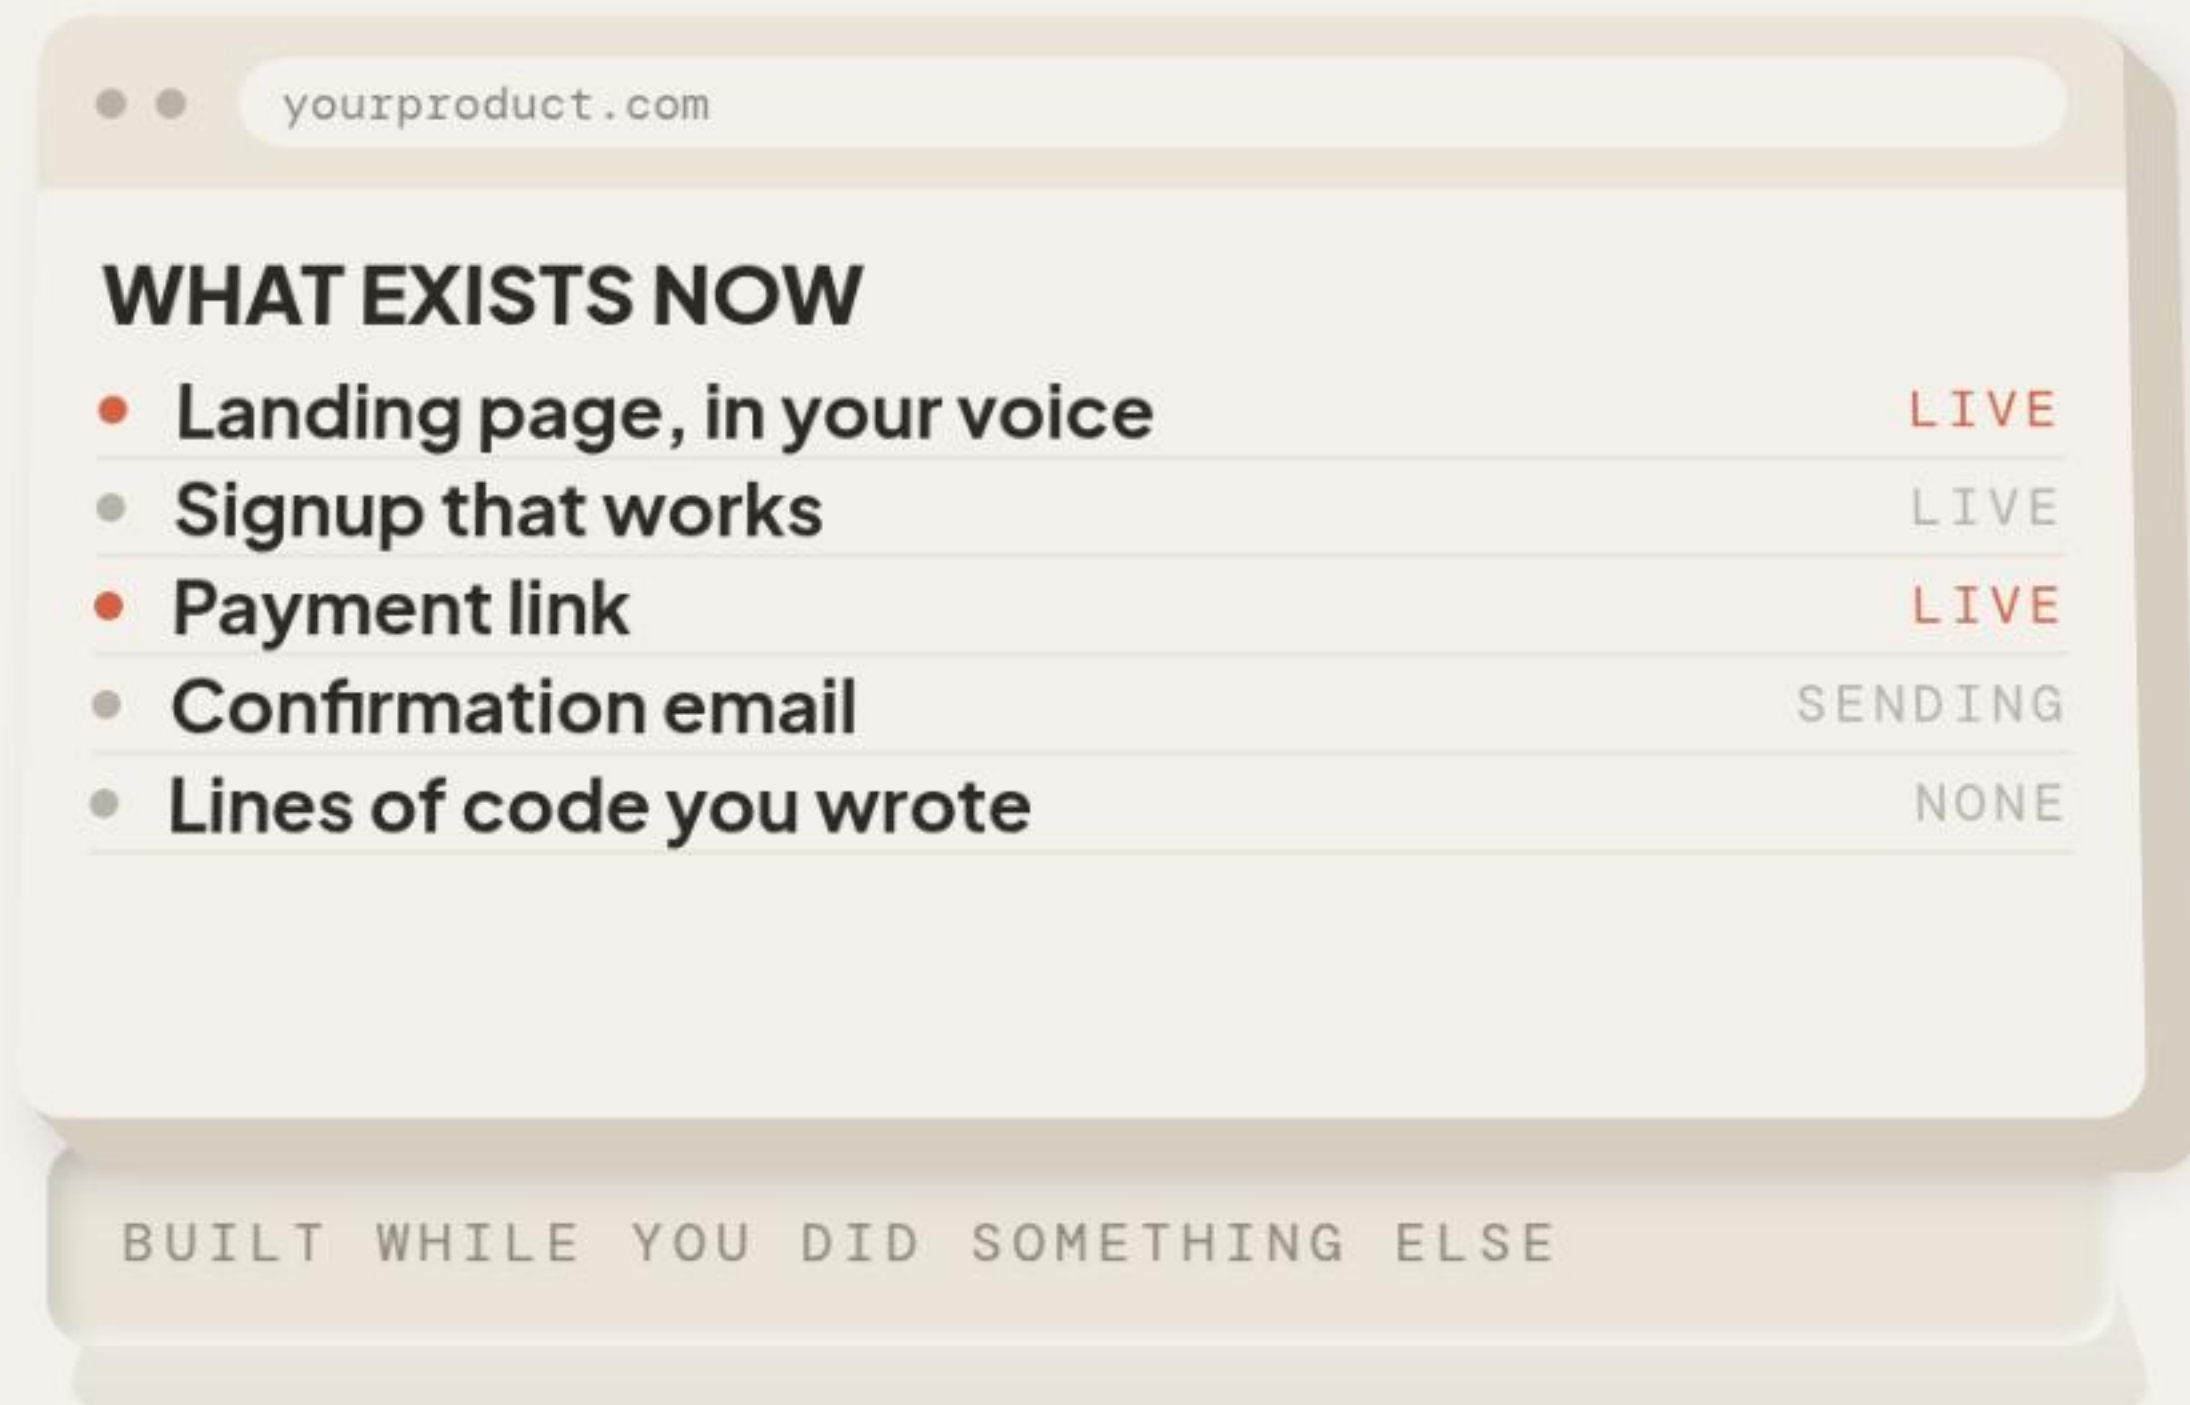

ULTRON • 51ULTRON.COM

HOUR 2 - 10

IT **BUILDS** THE WHOLE THING.

Written from things you already said, **not from a template.**

REAL

Not a preview that expires. A URL that loads on your phone.

ULTRON • 51ULTRON.COM

HOUR 11 - 16

IT GOES **LIVE** AND CHECKS ITSELF.

It opens the page and confirms it actually works.

STEP 1 **Writes the pages**

STEP 2 **Puts it on a real address**

STEP 3 **Opens it like a customer would**

STEP 4 **Confirms the payment goes through**

WORK YOU MUST VERIFY IS NOT FINISHED

VERIFIED

It tested the signup before you ever saw it.

ULTRON • 51ULTRON.COM

HOUR 17 - 24

YOU SEND THE LINK.

To a customer. Not to a designer for feedback.

THE BILL	24 HOURS
Agency brief and revisions	0
Developer days	0
Lines of code you wrote	0
Weeks of waiting	0
Days from idea to a live URL	1
TOTAL	1 day

CHANGES

Another sentence, not another two weeks.

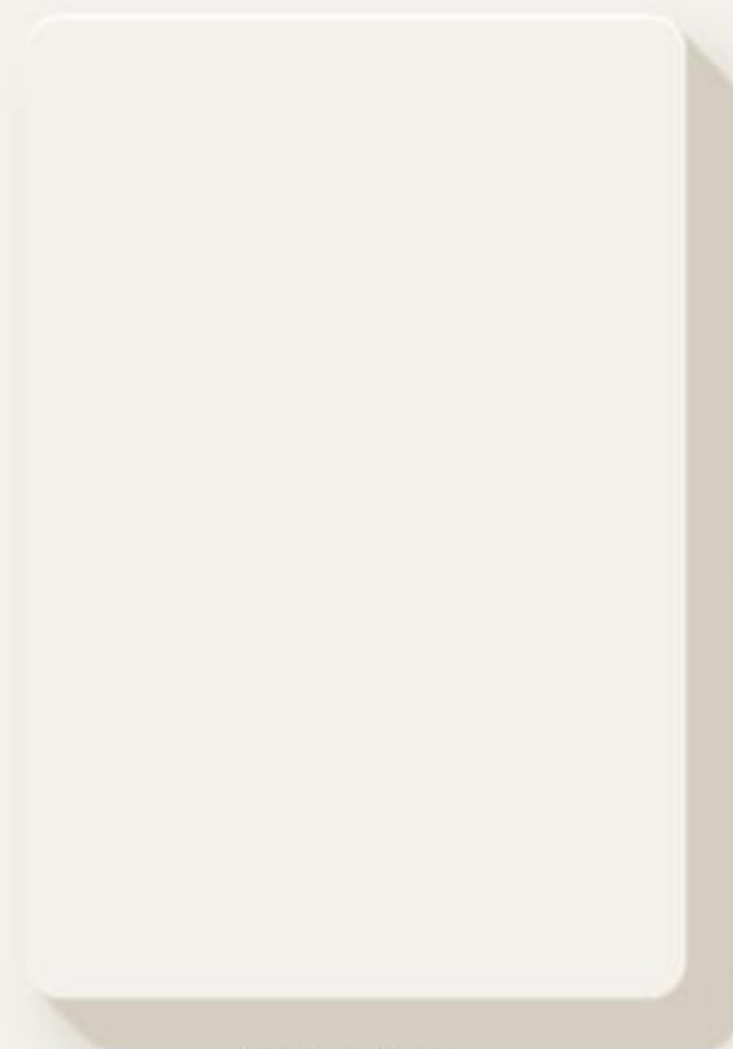

ULTRON • 51ULTRON.COM

WHAT ACTUALLY CHANGED

YOU STOPPED WAITING ON SOMEONE ELSE.

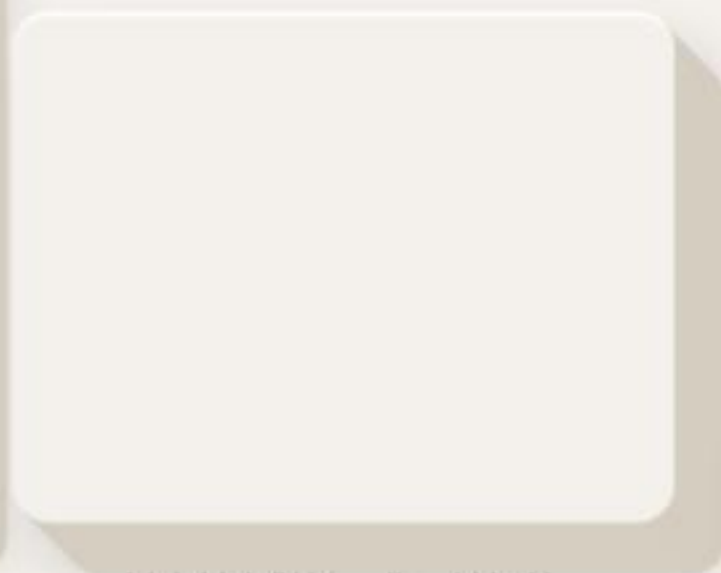

The bottleneck was never the product.

6wk

AGENCY

3wk

HIRING A DEV

1 day

THIS

IDEA TO SOMETHING REAL TO SHOW

ULTRON • 51ULTRON.COM

THE ASK

TAKE THE 24 HOUR BUILD.

How to brief it, and how it checks its own work.

**COMMENT
LAUNCH**

and I will send you the 24
hour build.
