

A JOB TITLE FROM 2025

THE JOB THAT DID NOT EXIST TWO YEARS AGO.

Postings roughly doubled in six months. Most founders are already doing it unpaid.

THE POINT

You have been doing this job at 2am without the title.

WHAT IT REPLACES

ONE PERSON SHIPS WHAT TOOK FIVE.

Not a smaller team. **A different shape of one.**

THE SHIFT

The work did not shrink. The number of people running it did.

WHAT THE JOB IS

FOUR THINGS, ALL OF THEM **YOURS** ALREADY.

Nothing here is new to you. **Only the fact that it has a name now.**

THE ACTUAL DUTIES

Find who to talk to
and why this week

Write what gets sent
in a voice that is yours

Build the thing they open
a page, a demo, a doc

Know what happened
numbers, not a feeling

54% OF THE FASTEST GROWING SAAS COMPANIES
HIRE FOR THIS

THE CATCH

At two to fifty people you cannot hire it. You run it.

HOW YOU START

YOU CAN RUN IT BY **FRIDAY.**

No new hire, no new tool to learn. **Four moves.**

Name forty accounts

with a reason each, not a scrape

2

Write to them like a person

one trigger, one question

3

Give them something to open

live before they reply

4

Read what actually happened

and change one thing

THE WHOLE JOB, IN FOUR MOVES

BY FRIDAY

One week is enough to run it once properly.
