

THE 7 AGENT COMPANY

ZERO HIRES. A SEVEN PERSON GTM TEAM.

You are not short of people. You are short of a
system.

Seven roles that would take a year and a payroll. Running
tonight.

WHAT YOU WOULD HAVE HIRED

SEVEN ROLES.

Priced honestly, at the salaries these actually cost.

This is the comparison founders make in their head and never write down.

01

A researcher

two hours before every call

02

An SDR

the outbound you keep postponing

03

A sales lead

WHAT YOU DO INSTEAD

YOU **TYPE** WHAT YOU WANT.

Plain English. No agent picker, no model dropdown.

The router reads the job and sends it to whichever agent owns it.

YOU WRITE IT

one line, plain English

**THE ROUTER READS
IT**

who owns it, how
deep

**THE AGENT
ANSWERS**

and hands off mid
turn

THE ONE RULE

NOTHING SENDS WITHOUT YOU.

Seven agents, one gate, and you are holding
it.

Autonomy without a gate is not leverage, it is a liability with
good grammar.

HUMAN GATE

WHAT ACTUALLY CHANGED

YOU BECAME THE OPERATOR.

Not a busier founder. A different job.

You stopped doing the work of five people and started directing it.
