

THIRTY DAYS

A GTM THAT RUNS WITHOUT YOU.

**Not automated. Operated, by someone who
is not at the desk.**

Thirty days is not a promise. It is how long the four changes
take in order.

WEEK 1

STOP CHOOSING.

The cheapest change and the biggest jump.

Take model choice off the screen. Everything downstream gets easier.

WEEK ONE

ROUTING FIRST

EFFORT: LOW

PAYOFF: HIGH

ULTRON · 51ULTRON.COM

WEEK 2

PUT MEMORY UNDERNEATH.

Stop paying the blank page tax on every
single turn.

Profile, saved facts and open work, stitched in before the
answer starts.

01

Tell it once

who you are, what you sell

02

It keeps it

and pulls it back when relevant

03

Every turn writes back

it gets better the longer you run

WK1

WK2

WK3

WK4

WEEK 3

MAKE IT VERIFY.

Output you still have to check is not finished work.

Ship to a real address, open it, confirm it, then call it done.

IT SHIPS

to a real address

IT CHECKS

its own output

THEN IT STOPS

not before

WK1

WK2

WK3

WK4

WEEK 4

HOLD THE GATE.

**The one almost nobody builds, and
everybody needs.**

Governance is the reason most agent projects die. It is also
the easiest to add.

THE ORDER

**ROUTE,
REMEMBER,
VERIFY, GATE**

WEEKS: 4

REVERSIBLE: NO

WK1 → WK2 → WK3 →

WK4

WHAT ACTUALLY CHANGED

YOU STOPPED BEING THE BOTTLENECK.

Every one of those four took something off
your desk permanently.

Not a productivity trick. Four structural changes, in the
order that pays.

COMMENT

30DAYS

and I will send you the thirty day order.

The four changes, in the sequence that actually pays.
