

MOST PEOPLE

YOU ARE USING CLAUDE LIKE A SEARCH BOX.

It answers well. Then you close the tab and it forgets you.

here is my company, here is what we sell, here is my ICP...

great, what would you like help with?

...and tomorrow you type all of it again

THE LOOP MOST FOUNDERS NEVER LEAVE

MISTAKE 1

You re-explain your company every single morning.

ULTRON • 51ULTRON.COM

MISTAKE ONE

YOU START FROM **ZERO** EVERY TIME.

Your context is the most valuable thing you own. **Type it once.**

WHAT YOU SELL

written once, read every time

WHO BUYS IT

the ICP, not a description of it

HOW YOU WRITE

read from your posts, not imitated

WHAT YOU DECIDED

and why, so it stops re-asking

CONTEXT HELD, NOT RETYPED

THE FIX

Written once. Applied to everything after it.

ULTRON • 51ULTRON.COM

MISTAKE TWO

YOU ASK FOR A DRAFT. YOU GET HOMEWORK.

A draft moves the work back to you. **Ask for the finished thing.**

WHAT YOU ASKED FOR

COMPARE

1

write me a draft email

you now edit it for twenty minutes

DRAFT

2

write it, check the facts, and hold it

you approve or you do not

FINISHED

3

give me some ideas

you now do the choosing

DRAFT

4

pick one and tell me why

a decision you can argue with

FINISHED

THE WORDING IS THE WHOLE DIFFERENCE

THE FIX

Ask for the thing, the check, and the hold.

ULTRON • 51ULTRON.COM

MISTAKE THREE

YOU SIT AND WATCH IT WORK.

If you have to be there, it is not finished. **It is supervised.**

SUPERVISED WORK IS STILL YOUR WORK

THE FIX

Brief it, leave, and come back to a result.

THE ORDER

THREE FIXES. ABOUT **TWENTY** MINUTES.

You do this once and never think about it again.

MINUTE 1

**Write your context
down once**

MINUTE 6

**Ask for finished things,
not drafts**

MINUTE 12

Brief a job and walk away

MINUTE 20

**Read what came back and
approve**

ONCE, NOT EVERY MORNING

TWENTY MINUTES

**The setup most people never do is the
whole difference.**

ULTRON • 51ULTRON.COM

WHAT ACTUALLY CHANGED

IT STOPPED BEING A **CHAT.** IT STARTED WORKING.

Same model. Same day. **A different relationship with it.**

0

TIMES YOU EXPLAIN YOURSELF AGAIN

Context you retype each morning

none

Work that comes back finished

most

Jobs that need you in the room

few

THE MODEL WAS NEVER THE PROBLEM

THE ASK

TAKE THE TWENTY MINUTE SETUP.

The three fixes, in the order that makes each one stick.

COMMENT
SETUP

and I will send you the twenty
minute setup.
